

Display CO data on Contact

☰ Tags

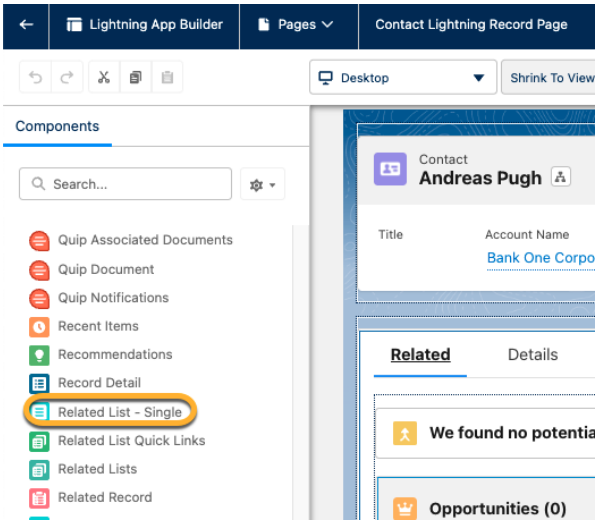

Step 1

In Object Manager go to “Contact” object → Lightning Record Pages and select the page you wish to add the Company Surge data too.

Step 2

In the Page edit screen drag a “Related list - Single” element to your desired location on the Layout.

Step 3

Select the following for the configuration options of the element.

Parent Record = Account Record

Related List = Bombora Company Surges

Related List Type = Enhanced Related List

Upgrade to Dynamic Related Lists
With dynamic related lists, you can configure the list label, its fields, its page actions, its filters, and more.
